About Enapter

Enapter is an innovative energy technology company that manufactures highly efficient hydrogen generators - so-called electrolyzers - to replace fossil fuels and thus drive the energy transition globally. The patented and proven anion exchange membrane technology (AEM) enables the series and mass production of cost-effective electrolyzers for the production of green hydrogen on any scale and almost anywhere in the world. The modular systems are already being used by more than 340 customers in over 50 countries worldwide, including in the energy, mobility, industrial, heating and telecommunications sectors. The Enapter Group is headquartered in Germany and has an R&D and production site in Italy.

Enapter AG is listed on the regulated market of the Frankfurt and Hamburg stock exchanges, ISIN: DE000A255G02.
